Launceston College

A Multi Academy Trust

SPECIAL EDUCATIONAL NEEDS POLICY

Updated on: 21st July 2020

Review by: LOR

Reference:	Approved by:	Date:	Review:

It is acknowledged that all teachers in the Multi-Academy Trust are teachers of young people with special educational needs. As such we adopt a 'whole Academy approach' to SEN which involves all staff adhering to a model of good practice. The staff of the Academy are committed to identifying and providing for the needs of all young people in a wholly inclusive environment.

			and safeguarding admin: https://www.cornwall.gov.uk/earlyhelphub
Wise Up	YZUP	Drugs and alcohol advice for young people up to and including the age of 18.	Follow the Integrated Working section and then Early Help where you can find links to referral forms for Family Support.

Answers to Frequently asked Questions

1. How does the College know if children/young people need extra help?

Through assessment data we identify students making significantly less than expected progress, given their age and individual circumstances. The first response will be high quality differentiated teaching targeted at the student's areas of weakness. Where progress continues to be less than expected then a screening LUCID LASS test will be used and the SENCo involved.

2. What should I do if I think my child may have special educational needs?

Contact your child's tutor in the first instance.

3. Who is responsible for the progress and success of my child in College?

A students' progress is the responsibility of the student, parents and the College working together. The form tutor and Head of House monitor closely and have a detailed overview.

4. How will the curriculum be matched to my child's needs?

Reference:	Approved by:	Date:	Review:

Classes are set from year 7 and additional interventions are in place for a wide variety of needs. The options process in year 9 leads to personalised timetables at key stage 4 which can be further adjusted to meet needs in exceptional circumstances. Post 16 there is specialist provision in place with fully personalised timetables to meet needs ranging from Entry level 1 through to A level.

5. How will College staff support my child?

The form tutor has a day to day overview of the students' needs. Students can be supported by their House Pastoral Support Worker, student support centre (SSC) or individual needs staff depending on the precise needs.

6. How will I know how my child is doing and how will you help me to support my child's learning?

Student data is sent home every term detailing your child's effort towards a banded target. There is a subject parents' evening and an academic review meeting with the form tutor every year. Students will reflect on their own progress in the learning section of the APLUS area of the eContactbook.

7. What support will there be for my child's overall wellbeing?

The form tutor has an overview of the students' well-being supported by the Head of House and the pastoral support team.

8. How do I know that my child is safe in school?

Launceston College takes its responsibilities for safeguarding students very seriously. We comply with the relevant Health and Safety legislation as well as having a Designated Safeguarding Lead (DSL) and team

9. What SEND training have the staff at College had or are having?

The SENCO is a qualified teacher working at the school and has achieved the 'National Award in Special Educational Needs Co-ordination'. All Learning Support Assistants take part in regular training opportunities.

Reference:	Approved by:	Date:	Review:

10. How will my child be included in activities outside the classroom including College trips?

Learning Support Assistants accompany students outside the classroom and on College trips.

11. How accessible is the College environment?

All faculty areas of the College are wheelchair accessible.

12. How will College prepare and support my child through the transition from key stage to key stage and beyond?

There is a designated transition Learning Support Assistant who works with the primary schools to design individualised transition visits and activities for those that require additional support

13. How are the College's resources allocated and matched to children's special educational needs?

The College will attempt to provide high quality support from its SEN budget, however there has to be a strategic approach to meeting SEND in the context of the resource available.

14. How is the decision made about what type and how much support my child will receive?

By consultation with the SENCO when all diagnoses and relevant details have been taken into consideration.

15. What happens about exam concessions?

This is based on evidence collected from class teachers in liaison with the SENDCo. For some arrangements, students have to be assessed and the arrangement applied for from the exams board e.g. a reader, scribe or when extra time is required. For other arrangements such as using a word processor can be granted by the College, but evidence of need must be collated and stored on file, this has to be the students 'normal way of working'. The College specialist assessor is Ms Clare Rothwell.

16. Who can I contact for further information?

Michele Prout in Student Support on 01566 772468, michele@launcestoncollege.org.uk

Reference:	Approved by:	Date:	Review:

Reference:	Approved by:	Date:	Review:

EXAM ACCESS ARRANGEMENTS

The College is required to log evidence to show the need for this support as it has to be the student's usual way of working. Students are screened using LUCID Exact and if eligible will be seen by a specialist assessor, Janet Davis at the beginning of Year 10. Additional assessments will then be carried out to find out whether the student will be entitled to any special arrangements. An application will then be made to the exams board for the access arrangements and parents/carers will be notified. For any queries regarding exam access arrangements a meeting can be organised with the following members of staff:

SENDCo

SENDCo Assistant: SEN Exams Coordinator
