

Google Classroom tips:

How to alter the screen colour

At the bottom right of the screen, select the time, then select 'settings'. Under 'device' select 'displays'. There will be a button that says 'night light'. Turn that on and it should give you the option to adjust the screen colour under 'colour temperature.'

How to use voice recording

An excellent method for students to record their ideas if they find writing or typing difficult. Create a Google Doc by going to the 9 dot grid (the waffle) in the top right hand corner of the Google Classroom screen. Choose 'Docs'. Then choose 'Tools' from the menu at the top of the page. Then choose 'Voice Typing' from the dropdown box. Click to speak via the microphone, and click 'Allow'.

Recommendations

If you have any hints or tips that you would like to share with us then please contact a member of the Individual Needs team, it is always good to share.

REMEMBER: The Individual Needs Department is available to offer help and support. Contact us on 01566 772468 and ask for Individual Needs.
